OBSERVATIONS AND CORRECTIVE ACTIONS

Item	MI /MA/ CR	Remarks	Date for Correction
------	------------	---------	---------------------

CLOSING COMMENTS

Operator requested an extension for the health and safety designate and the director to discuss options for installing a handwashing station. After the extension period, the operator on site requested grace to allow operator to educate staff on designating one basin for handwashing only, in lieu of recent staff turnover. PHI checked with his regional director about Social Development's handwashing station exemptions for licensed food premises in residential homes. RD and PHI agreed that a grace period to allow training was appropriate under the circumstances. Operator advised that the facility will undergo kitchen renovations in the near future. PHI recommends installing a designated handwashing station.
