OBSERVATIONS AND CORRECTIVE ACTIONS

Item	MI /MA/ CR	Remarks	Date for Correction
8.1	MA	Non-food contact equipment shall be kept clean and sanitary. Observations: Egg station, front counter mini oven, and bottom of display case were heavily soiled with food debris. Comment: Food debris on Egg station, front counter mini oven, and display case should be removed to prevent cross contamination. Corrective Actions: During the inspection, food debris on the egg station, front counter mini oven, and display case were removed.	Corrected
8.1	MI	Floors, walls and ceilings shall be kept clean and sanitary. Observations: Two large spills were observed at the drive thru window and on the wall by the office and were cleaned during the inspection. Floors throughout hard to reach areas are lightly soiled. Comment: Increase frequency of cleaning hard to reach areas and immediately after spills occur.	Immediately
10.2	MI	Walls shall be of sound construction and in good repair. Observations: Backsplash surrounding janitorial sink and a portion of the wall in the staff room are in deteriorating condition. Comment: Repair and apply a finish to damaged wall and replace caulking around janitorial sink so they can be easily cleaned and prevent water infiltration.	Immediately
13.2	MI	Openings to the outside shall be screened. Observations: There is a small gap along the back door frame. Comment: Door frame and/or weather strip should be repaired or replaced to prevent rodents from entering the facility.	Immediately
