OBSERVATIONS AND CORRECTIVE ACTIONS

Item	MI /MA/ CR	Remarks	Date for Correction
7.1	MI	Non-food contact equipment shall be constructed from materials that are suitable for their intended purpose and are durable, easily cleaned and free from any undesirable substance. Observations: Rubber Baseboard under the dishwashing sink is off the wall and is showing mold growth underneath. remove, clean and repair/change	November 30, 2024
8.1	MI	Non-food contact equipment shall be kept clean and sanitary. Observations: Several areas need more in depth regular cleaning.1) Floors in walk-in refrigerator have dirt and mold, specially under wire shelves. There are 2 wood blocks stored in the walk-in that may be contributing to the creation of mold on surfaces and can cause food do spoil. Remove wood blocks and use other type of material if necessary.2) Laminated baseboard next to the walk-in need in depth cleaning and 1 needs repair as it has water damage.3) Fan filters over the drive-thru window need to be cleaned	Immediately
10.2	MI	Walls shall be of sound construction and in good repair. Observations: 1) Freezer door does not seem to have a tight seal as large blocks of ice are accumulating near the base of the door. Repair the cause of the ice accumulation.2) Wall corner next to the walk-in is severely damaged and not washable. Needs to be repaired.	November 30, 2024
